Approved product direction board for ANVL Athletics - Drop 01: The Oath

Contents

A structured guide for the ANVL Athletics brand and first product drop.

Section	Description
1. Brand Foundation	Brand name, meaning, tagline, target audience, positioning, and tone.
2. Branding System	Logo system, color palette, typography, visual language, and brand phrases.
3. Design Assets	Approved design boards, logo/graphic system notes, and garment placement system.
4. First Drop: The Oath	Collection overview, product lineup, colorways, and strategic role.
5. Product Specifications	Detailed specs for oversized tee, stringer, and compression tee.
6. Production & Quality Notes	Fabric, print, sample testing, and supplier communication requirements.
7. Decision Log	Summary of locked decisions so far.

Brand Foundation

The strategic base of ANVL Athletics.

ANVL Athletics is a premium bodybuilding gymwear brand built around the idea that a strong body is forged through pressure, repetition, discipline, and heat. The brand should feel international and refined, with a darker, more serious lifting identity than generic local activewear.

Element	Locked Direction
Full Name	ANVL Athletics
Short Mark	ANVL
Tagline	Forged Under Pressure
Brand Meaning	A body built through pressure, repetition, discipline, and heat.
Drop 01 Name	The Oath
Core Category	Premium bodybuilding gymwear
Primary Market	Lebanon - male lifters and serious gym culture, with scalable international appeal
Brand Personality	Disciplined, powerful, premium, industrial, subtle warrior-coded, serious but not costume-like

Target Customer

Male lifters, approximately 18-35, who value physique-enhancing gymwear and premium aesthetics.
Customers who like the energy of Gymshark, YoungLA, Alphalete, Darc Sport, and Squatwolf, but want a local brand with a distinct identity.
People who want gymwear that works during training but still looks strong outside the gym.

Positioning Statement

ANVL Athletics creates premium bodybuilding gymwear for serious lifters - forged through discipline, built to enhance the physique, and designed with subtle warrior-inspired details that feel modern, dark, and premium.

Branding System

Logo, colors, typography, language, and visual identity rules.

Approved ANVL Athletics brand identity board

Logo System

Logo system: primary wordmark, crest icon, stacked lockup, and compact symbol mark

Logo Asset	Usage
Primary Wordmark: ANVL	Use as the main visible mark on product fronts, website header, packaging, and social content.
Full Lockup: ANVL Athletics	Use for brand documents, tags, packaging, profile headers, and formal brand presentation.
Crest / Shield Icon	Use as the recurring symbol on upper back, hem labels, packaging seals, and micro-details.
Compact Symbol Mark	Use where space is limited: woven label, neck print, favicon, sticker, or zipper/label detail.

Color Palette & Typography

Color palette and typography direction

Color	Hex	Recommended Use
Black	#0B0B0C	Primary brand base, garments, backgrounds, high-end visuals.
Dark Steel Grey	#1D1F21	Tonal graphics, steel accents, oversized tee graphic color.
Washed Charcoal	#34373A	Washed tee body color and secondary dark base.
Graphite	#5B5E61	Seam lines, compression details, subtle logo accents.
Bone	#E7E4DF	Minimal contrast accent, especially on charcoal stringer.

Type Role	Recommended Direction
Headings	Bold condensed sans, all caps - examples: Bebas Neue, Anton, Oswald.
Body Copy	Clean modern sans - examples: Montserrat, Manrope.
Logo/Wordmark	Custom angular geometric wordmark inspired by ANVL concept, not a generic font.
Text Style	Wide letter spacing, uppercase micro-copy, disciplined spacing, minimal slogans.

Design Assets

Approved visual boards and graphic language.

Core graphics and brand language system

Core Graphic Assets

- Forged oath emblem / sigil: used on the oversized tee back graphic. It should feel like vow, discipline, protection, and commitment.
- Vertical spine symbol: used on the stringer back. It should be longer than the first concept and run farther down the back.
- Contour seam language: used on the compression tee to create a sculpted, superhero-like performance look.
- Crest icon: used repeatedly as the premium symbol mark across the drop.

Graphic Placement System

Product	Front	Back	Text Level
Oversized Tee	Small centered ANVL chest wordmark.	The Oath title, forged oath emblem/sigil, Forged Under Pressure slogan, lower crest.	Highest storytelling.
Stringer	Small centered ANVL chest wordmark.	Upper-back crest plus longer vertical spine symbol.	Low - no slogan text.
Compression Tee	Small centered ANVL chest wordmark.	Upper-back crest and tonal contour seam / panel design.	Very low - no slogan text.

Final approved product design board with latest refinements

First Drop: The Oath

A compact first collection designed to validate market demand while establishing ANVL's visual DNA.

Drop 01, The Oath, should introduce ANVL Athletics through three strong product categories: a heavyweight oversized tee, a premium old-school stringer, and a strong superhero-like compression tee. Each product has two planned colorways, but the design language remains cohesive through the same dark forged palette and shared logo system.

Product	Strategic Role	Colorways
Oversized Tee	Statement hero piece / pump-cover / streetwear identity.	Black + Dark Steel Grey; Washed Charcoal + Black
Stringer	Bodybuilding identity piece / old-school lifter cut.	Black + Graphite; Charcoal + Bone
Compression Tee	Technical hero item / superhero-like physique enhancement.	Black + Graphite; Dark Steel Grey + Black

Collection Design Rule

Each piece should use one dominant base color and one secondary accent color. Accents should appear in logos, seam lines, graphics, woven labels, or small details - not as loud color blocking. The overall balance should remain premium and controlled.

Product Specifications

Detailed item-level direction for the first ANVL drop.

5.1 Oversized Tee

Oversized Tee - approved graphic placement and fit direction

Category	Specification
Role	Main statement piece and visual storytelling item.
Fit	Regular oversized length, boxy silhouette, drop shoulders, wide sleeves, thick collar. Not cropped.
Feel	Heavy streetwear pump-cover feel. Structured and premium.
Fabric	100% heavyweight cotton jersey.
Target GSM	240-260 GSM.
Construction	Thick ribbed crew neck, reinforced shoulder seams, double stitching, strong hem finish.
Front Design	Small centered ANVL wordmark.
Back Design	The Oath title, large forged oath emblem/sigil, Forged Under Pressure slogan, small crest.
Colorways	Black + Dark Steel Grey; Washed Charcoal + Black.
Quality Checks	Wash 3-5 times, inspect shrinkage, neck stretch, print cracking, shape retention, opacity, and overall premium feel.

5.2 Stringer

Stringer - premium old-school cut with longer back spine symbol

Category	Specification
Role	Bodybuilding identity piece; the most gym-specific item in the drop.
Fit	Premium old-school lifter stringer; more revealing than normal tank, controlled deep armholes, racerback, wider straps than extreme classic version.
Feel	Soft, breathable, stretchy, premium, not flimsy.
Fabric	Stretch cotton blend, recommended 95% cotton / 5% elastane or equivalent premium blend.
Target GSM	180-220 GSM.
Construction	Shape-retentive training garment; comfortable on skin; reinforced edges around armholes and neck.
Front Design	Small centered ANVL wordmark.
Back Design	Upper-back crest and longer vertical forged/spine symbol. No slogan text.
Colorways	Black + Graphite; Charcoal + Bone.
Quality Checks	Test stretch recovery, armhole comfort, chest coverage, back cut, wash stability, and label placement.

5.3 Compression Tee

Compression Tee - strong superhero-like compression direction

Category	Specification
Role	Technical hero item and strongest performance product.
Fit	Strong compression, superhero-like, second-skin, ultra-fitted chest/shoulders/arms/torso.
Feel	Smooth, dense, supportive, physique-enhancing, premium performance.
Fabric	Recommended 72% polyamide / 21% polyester / 7% elastane.
Target GSM	270-300 GSM.
Construction	4-way stretch, sweat-wicking, strong recovery after stretch, contour seam/panel construction.
Front Design	Small centered ANVL chest wordmark.
Back Design	Upper-back crest and tonal angular contour seam language. No slogan text.
Colorways	Black + Graphite; Dark Steel Grey + Black.
Quality Checks	Test compression strength, breathability, sleeve tightness, stretch recovery, seam comfort, and print stretch performance.

Production & Quality Notes

Guidance for FittDesign, manufacturers, and sample review.

Supplier / Designer Brief

The supplier should treat this document as a creative and technical direction guide. Exact factory-ready tech packs still need final graded measurements, size specs, seam details, print method confirmation, fabric sourcing, and sample approval.

Confirm whether design costs are per product or for the full three-product drop.

Request factory-ready tech packs for each product, including measurement/spec sheets and print placement dimensions.

Ask for fabric swatches before sampling, especially for the compression tee fabric density and stretch recovery.

Produce and test samples before committing to bulk production.

Keep the first production run small and focused to test the Lebanese market.

Print & Branding Finish Recommendations

Product	Recommended Finish
Oversized Tee	Matte screen print, water-based print, or premium high-density print for the forged back emblem. Avoid cheap shiny print.
Stringer	Soft flexible print or high-quality heat transfer that does not crack with stretch.
Compression Tee	Technical heat transfer or silicone transfer that stretches cleanly with compression fabric.
Labels	Woven hem label plus inside neck print instead of scratchy neck tag.

Sample Approval Checklist

Fit matches intended silhouette on an athletic body: oversized tee, old-school stringer, strong compression tee.

Fabric feels premium and holds shape after 3-5 washes.

Logos are correctly placed, centered, and proportioned.

Back graphics are readable but subtle and premium.

Compression tee does not become see-through under stretch.

Stringer is revealing but still sellable and not too extreme.

Packaging and labels feel aligned with the premium dark industrial identity.

Decision Log

All major locked decisions to date.

Area	Decision
Brand Name	ANVL Athletics
Tagline	Forged Under Pressure
Brand Meaning	A body built through pressure, repetition, discipline, and heat.
Drop Name	Drop 01: The Oath
Brand Direction	Premium bodybuilding gymwear with subtle abstract warrior/discipline identity.
Logo Direction	Approved ANVL wordmark and crest/shield direction from concept board.
Oversized Tee	Heavy streetwear, regular oversized length, not cropped; 240-260 GSM cotton.
Stringer	Premium old-school lifter cut; more revealing; longer back spine symbol; 180-220 GSM stretch cotton.
Compression Tee	Strong superhero-like compression; 72/21/7 polyamide-polyester-elastane; 270-300 GSM.
Visual Refinement	Oversized tee back graphic should be more oath-related: forged sigil/emblem, shield/crest, vow/discipline/protection/commitment feeling.
Approved Aesthetic	Premium industrial lookbook style with black, graphite, charcoal, dark steel grey, and bone accents.

Note: all names, logos, and symbols are creative working directions. Before production, conduct trademark/domain/social-handle checks and confirm commercial usage rights for any final fonts, marks, and graphics.
